

2 POWER Points:

Develop your sketching skills

- ◆ Use your sketching skills to draw from real life—sketch the view from your window or in one of the rooms in your house.
- ◆ Make your own 'still life' by putting some fruit, flowers and/or objects on a table and sketch them.

2 POWER Points:

Extend your research skills:

- ◆ Research who the 'impressionists' were and what they did.
- ◆ Find out about Claude Monet - Where did he live? Why was he important for Impressionism?
- ◆ Research paintings of water—rivers, lakes and seas—write a little about your favourite 'style' of painting.

p r o s p e c t u s

This half term's POWER Project is:

'Watercolours'

HAND IN:

Choose projects to achieve your

5 POWER Points.

You can add with your own ideas too! *Tick off what you have completed to achieve your points.*

3 POWER Points:

Explore your artistic abilities

- ◆ Use your choice of materials to create a picture of a water scene (maybe a canal, stream or sea).
- ◆ Combine different materials to create an 'impression' of a water scene (e.g. Use recycled materials like blue or green sweet wrappers to create the water).
- ◆ Paint or draw and colour your own version of your favourite painting by one of the impressionist artists.
- ◆ Visit an Art Gallery 'Watercolours' collection (e.g. <http://www.theherbert.org/collections/visual-arts/watercolours>) — draw your favourite.
